

Finger sizing tool

1. Cut out the finger sizing tool
2. Cut a slit along the broken line
3. Wrap the finger sizing tool around your finger
4. Put the point through the slit
5. Pull the finger sizing tool tightly on your finger
6. Read your estimated ring size where indicated

** Remember to consider the widest part of your finger when sizing your finger

**** Please print at 100% scale. Please ensure the page is not shrunk to fit the page when printing**
